

## How do we Doccle?

Doccle is an innovative online digital solution where end users can connect once with their suppliers and do their administration one click, online and mobile. Today Doccle is an energetic and dynamic scale up that already works with leading companies as customers as well as partners. The foundations are firmly anchored. We are small, but we act big.

We are constantly on the lookout for passionate colleagues who want to grow our organization.

## Senior AWS Cloud/DevOps Engineer

We are currently looking for a motivated person to join our team as a Senior DevOps engineer to maintain and organize our cloud infrastructure.

### What you will do:

- Deployment, automation, management and maintenance of AWS cloud-based Doccle systems in collaboration with other DevOps colleagues
- Ensure performance and scalability of these systems by defining systems and processes for metrics, logging and monitoring
- Perform security checks and improve our platform security
- Perform infrastructure cost analysis and optimization
- Guide our improvement tracks towards a Cloud native setup (containerization, serverless components)
- Analyze and fix production incidents/problems
- Support the platform 24/7 in a rotation system with your colleagues

### Who you are:

- You are
  - o A true team-player
  - o A natural born communicator
  - o Self-organized and punctual
  - o Eager to learn
  - o Fluent in English
- You have
  - o Strong knowledge of AWS cloud is a must, including Infrastructure as Code setup based on CloudFormation
  - o Worked with ticket tools like OpsGenie and Jira
  - o Experience with tools such as ElasticSearch, Kibana, Grafana, Site24x7 and CloudCheckr are a plus
  - o A solid understanding of the most common infrastructure components (databases, linux servers, networking)
  - o Ability to learn/use a wide variety of technologies and tools
  - o Continuous Integration and Continuous Delivery experience

- A 'let's get this done' mentality
- A sense of humour

Do you recognize yourself in this description? Don't hesitate to contact us!

**What we offer:**

- A chance to be a part of an innovative, rapidly expanding team
- A competitive salary with extralegal benefits
- Start 1<sup>st</sup> of December (or earlier)

**Interested**
